This summary of benefits has been updated to comply with federal requirements, including applicable provisions of the federal health care reform laws. As we receive additional guidance and clarification on the health care reform laws from the U.S. Department of Health and Human Services, Department of Labor and Internal Revenue Service, we may be required to make additional changes to this summary of benefits.

In addition to dollar and percentage copays, enrolled persons are responsible for deductibles, as described below. Please review the deductible information to know if a deductible applies to a specific covered service. Certain Covered Services have maximum visit and/or day limits per year. The number of visits and/or days allowed for these services will begin accumulating on the first visit and/or day, regardless of whether your Deductible has been met. Members are also responsible for all costs over the plan maximums. Plan maximums and other important information appear in *italics*. Benefits are subject to all terms, conditions, limitations, and exclusions of the Policy.

#### **Explanation of Covered Expense**

Plan payments are based on covered expense, which is the lesser of the charges billed by the provider or the following:

PPO Providers—PPO negotiated rates. Members are not responsible for the difference between the provider's usual charges & the negotiated amount.

Non-PPO Providers—For non-emergency services, the scheduled amount. For emergency services, same as other health care providers Other Health Care Providers (includes those not represented in the PPO provider network)—

The maximum allowable charge for professional or institutional services. You are responsible for any amount billed in excess of the maximum allowable charge and any expense not covered under this Plan.

## When using Non-PPO and Other Health Care Providers, members are responsible for any difference between the covered expense & actual charges, as well as any deductible & percentage copay.

#### Calendar year deductible

> For All Providers	\$1,500/member; \$3,000/family
Annual Out-of-Pocket Maximums	
PPO Providers & Other Health Care Providers	\$5,600/member/year or \$11,200/family/year

The following do not apply to out-of-pocket maximums: non-covered expense. After a member reaches the out-of-pocket maximum, the member remains responsible for non-PPO providers & other health care providers, costs in excess of the covered expense; amounts related to a transplant unrelated donor search.
