

Introducing the New Massage Therapy Stamp Card!

We're making it easier than ever to track and get the most out of your massage therapy benefit.

What's New?

- *TakeCare members can now access a digital Massage Stamp Card right from the TakeCare Mobile App!*
- *You must download the TakeCare App to access the Massage Therapy benefit.*

How It Works:

Visit Your Provider:

Go to a participating massage provider and show the massage therapy stamp card on your TakeCare Mobile App.

Earn Your Stamps:

Your provider will validate your visit using a unique code—each visit earns one stamp on your digital stamp card.

Track Your Benefits:

View your visits in real time! Each stamp shows the date of service and provider name for easy tracking.

Visit Limits:

Your massage benefit includes a set number of covered visits per benefit year, depending on your plan (e.g., 12, 15, or 20 visits).

Once you reach your annual benefit limitation, your massage stamp card will automatically lock, not allowing further covered visits for the balance of the benefit year.

We cover up to two massage visits per day.

If You Don't Have Your Phone:

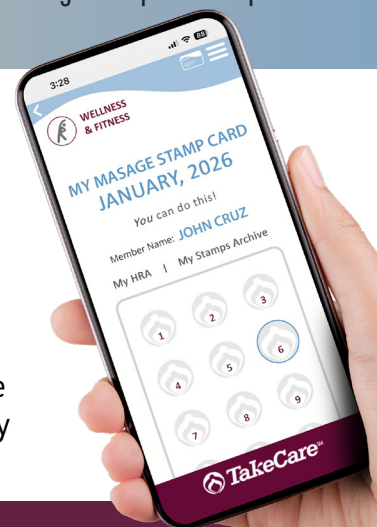

No problem! Your massage provider can remotely add a stamp to your digital card through the provider portal.

Why You'll Love It:

- ✓ Easy, paper-free tracking
- ✓ Real-time updates after each visit
- ✓ Simple verification with participating massage providers

Get Started Today!

Open or download the TakeCare Mobile App, log in, and explore your Massage Therapy Benefit Stamp Card under "Wellness Benefits." Your wellness journey just got smoother—one massage at a time!

Download the TakeCare mobile app today.
