

GRMC is no longer a participating TakeCare provider effective September 9, 2026.

TakeCare is committed to helping you maintain access to quality care with clear guidance and practical support.

A

Alternative Off-Island Care

If the specialty you need is not available on Guam, we can help coordinate approved care through our growing Asia provider network.

B

Alternative On-Island Care

We'll help guide you to an available, trusted specialist or provider on Guam.

C

Staying with GRMC

If you choose to continue with GRMC, we'll work with you to understand your options and coordinate care, subject to your plan and applicable requirements.

Option A – Alternative Off-Island Care

Your TakeCare Off-Island Medical Travel Benefit may provide access to specialized care in the Philippines, South Korea, and Taiwan.

For approved services, care may be covered at \$0 out-of-pocket cost to you. This coordinated VIP care experience is designed to simplify each step and provide peace of mind.

100% Covered Approved Care

Approved medical treatments are covered with \$0 co-payments and \$0 co-insurance.

Personalized Travel Coordination

Our team helps coordinate round-trip airfare and travel details. When eligible, airfare for an approved travel companion may also be included.

Comfortable, Seamless Arrangements

Covered hotel lodging and ground transportation between the airport, hotel, and hospital are coordinated for you.

Dedicated VIP Concierge Support

A hospital concierge team can assist with paperwork, check-ins, hospital processes, and serve as your point of contact.

Whether you need advanced therapies or major orthopedic, cardiac, or spinal surgery, TakeCare can help coordinate a supported care journey.

Option B – Alternative On-Island Care

When an appropriate specialist is available on Guam, TakeCare can help coordinate your care.

How TakeCare Can Help

TakeCare will coordinate care with our trusted partner specialists on-island.

If you choose GRMC, TakeCare will work with you to understand your options and coordinate care.

Emergency Care

You may use GRMC for emergency care. Notify TakeCare within 48 hours of receiving emergency care. No prior authorization is required for emergency care; applicable plan member cost-sharing applies.

Ongoing or Upcoming Care

If you are currently receiving ongoing care or have an upcoming appointment at GRMC, you may possibly be able to continue care. Speak with your Account Executive or TakeCare Customer Service to discuss your options.

Elective Care

For elective/non-emergency services at GRMC, you must complete the required elective form through TakeCare first. TakeCare will review your request and help coordinate next steps.
